Tuition Addendum to the September 2009 Catalog and Enrollment Agreement — Effective October 1, 2009

Virginia College School of Business and Health charges tuition on a quarterly basis, with the tuition rate determined by the number of credits per quarter.

- Students who take 13 or more credits per quarter can complete their programs more quickly, resulting in a higher quarterly rate, but reducing total program cost. Students who take 17 or more credits per quarter will be charged per credit hour for each additional hour based on the per credit hour charge of the 13 to 16 hour tuition column.
- During a student's final quarter, and for those who begin mid-term, tuition is pro-rated for that term only based on the 12 credits or fewer table below.
- Students who enroll exclusively for evening classes with an 8 credit maximum are charged according to the "Night Only" column below.

Virginia College School of Business and Health reserves the right to increase tuition at any time. Tuition prices are quoted on a quarterly basis.
